Dear Ms. Woodard:

I am writing on behalf of the Clayton County Adolescent Health and Youth Development Program to thank you for your continued support and willingness to work with our youth. Your workshops and presentations have helped in our attempts to curve teen pregnancy and drug usage by providing the youth with alternatives to self-destructive behavior.

We work hard to teach the teenagers in our community about the value of self-appreciation and self-worth. And thanks to your inspirational presentations, workshops and magazine, our teens are discovering the value of being self empowered through independent thinking.

We look forward to working with you again and we thank you for your commitment to our program.

Sincerely,

A handwritten signature in cursive script that reads "Brenda Tillman".
