Audra Woodard
Headz up Project
3125 Grant Way
Atlanta, GA 30344

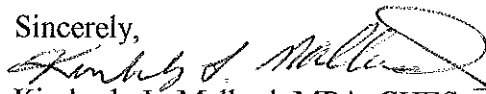

Dear Audra:

Thank you for sharing the Headz Up Project with the Fulton County Department of Health and Wellness Adolescent Health Program.

The Headz Up Project has proven to be a very exciting and enriching skills-based experience for our youth. The connection that you and your staff made with our students (especially the girls) helped to facilitate an environment in which they could express themselves and be empowered to step out of their comfort zones. Tackling the issues of drugs, peer pressure and stress is a crucial component of our program and your fresh and innovative approach have left lasting impressions. Many of our youth have expressed interest in participating in other facets of the program.

Thank you again for all of your hard work and I look forward to working with you in the near future. If I can be of any assistance, please contact me at (404) 206- 6515.

Sincerely,

Kimberly L. Mallard, MPA, CHES
Public Health Educator
